FabriTec

Furniture Ltd

Fabritec Furniture was established in 2008. The aim of the company is to use innovation in design, manufacture and distribution to provide the products demanded by the modern market place. FabriTec Furniture Ltd is one of the UK's leading furniture manufacturers for the commercial market, supplying the Office, Educational, Hotel, Residential and Healthcare sectors. We design and produce bespoke furniture solutions for corporate clients from the Banking sector through to large Retailers. We also supply into the public sector, providing products for government departments and further educational establishments.

Our manufacturing facility uses modern CNC machinery operated by experienced operators to produce furniture and panels in a wide range of shapes and sizes. A programme of continuous replacement ensures that equipment is able meet the demands of the market for contemporary designs and features.

We offer a full CAD service to produce working drawings for product designs including 3D visuals, which can be used by our customers to assist with product presentations and tender processes. Although we are a manufacturing specialist, we can aid our clients with every aspect of design and specification, this includes site visits to assist space planners or the sourcing of alternative materials for architects.

FabriTec is based in a purpose built 62,000 square foot manufacturing facility in North Kent, this allows us to process high and low volume orders simultaneously, this means we can offer realistic minimum order volumes to meet the requirements of your client. Our geographical location benefits from excellent transports links, we are 40 minutes from the M25 allowing access to London, the Midlands and beyond.

We have the facilities to pack, label and ship products to customer specific requirements. Finished products are shipped on our own fleet of vehicles with our own experienced drivers ensuring the correct handling of products from raw material to delivery. Fabritec is committed to exceeding our customer requirements and environmental responsibilities. We operate an ISO9001 quality system and hold an FSC® certification.

DESK END STORAGE

INTRODUCTION

Desk end storage units are a convenient and simple storage solution for the busy office environment. With personal storage available, hot desking becomes more manageable as employees can keep their belongings close at hand. Filing management is also made easier with desk end storage, with files and documents easily accessible and organized. These units also save on valuable office space, making them an ideal solution for any office big or small.

OPTIONAL PLANTER TOP

An optional planter unit can be bolted to the top of the storage run.

25MM FLYOVER TOP

A fly over top will be bolted to the top of two modular units to create a seamless look with your desk tops.

TWO MODULAR UNITS OF CHOICE

Pick two number of modular units that suits your specification best. We have a range of four different modules to choose from, this allows you to maximise on storage solutions, streamlined to suit each individual customer.

RANGE

Our desk end storage solution is designed to be modular so that customers can customize it according to their unique needs. The storage system consists of two different modules, which can be combined in various ways to create the perfect configuration. Customers can choose from a locker, cupboard, shelf or draw filing module.

4 COMPARTMENT LOCKER MODULE

Locker units can be a great option for personal storage or can be a great solution for hot desking.
