FabriTec

Furniture Ltd

Fabritec Furniture was established in 2008. The aim of the company is to use innovation in design, manufacture and distribution to provide the products demanded by the modern market place. FabriTec Furniture Ltd is one of the UK's leading furniture manufacturers for the commercial market, supplying the Office, Educational, Hotel, Residential and Healthcare sectors. We design and produce bespoke furniture solutions for corporate clients from the Banking sector through to large Retailers. We also supply into the public sector, providing products for government departments and further educational establishments.

Our manufacturing facility uses modern CNC machinery operated by experienced operators to produce furniture and panels in a wide range of shapes and sizes. A programme of continuous replacement ensures that equipment is able meet the demands of the market for contemporary designs and features.

We offer a full CAD service to produce working drawings for product designs including 3D visuals, which can be used by our customers to assist with product presentations and tender processes. Although we are a manufacturing specialist, we can aid our clients with every aspect of design and specification, this includes site visits to assist space planners or the sourcing of alternative materials for architects.

FabriTec is based in a purpose built 62,000 square foot manufacturing facility in North Kent, this allows us to process high and low volume orders simultaneously, this means we can offer realistic minimum order volumes to meet the requirements of your client. Our geographical location benefits from excellent transports links, we are 40 minutes from the M25 allowing access to London, the Midlands and beyond.

We have the facilities to pack, label and ship products to customer specific requirements. Finished products are shipped on our own fleet of vehicles with our own experienced drivers ensuring the correct handling of products from raw material to delivery. Fabritec is committed to exceeding our customer requirements and environmental responsibilities. We operate an ISO9001 quality system and hold an FSC® certification.

■ Prices are for ONE handle

For details on how to order special handles, see page 27.

Alternative locker solutions are available outside of our standard locker range. Below are some examples of solutions that are often requested by customers depending on the environment in which the lockers are being placed. All prices of the below are available on quotation.

■ SWISS KRONO ONE WORLD

Many customers require brightly coloured doors when lockers are being placed in schools or universities. The One World allows us to work with bright coloured finishes outside our standard range.

POST SLOTS

Other locker solutions are also available outside our standard based on quotation. One solution that is often requested is post slots in the locker doors. A scalloped door with internal post shelf can be used for mail as well as a handle.

SELF ADHESIVE LOCKER NUMBERS

Self Adhesive locker numbers are requested on many jobs particularly in places of work and education where personal lockers can be located and identified easily by the user.
